

Application Serial No. 10/733,904
Date February 8, 2006
Reply to Office Action dated November 23, 2005

Amendments to the Specification:

Replace paragraph [0056] appearing on page 13 of the specification
with:

[0056] The invention will be seen ~~would seem~~ to provide an efficient and
inexpensive means of precluding the contamination of the living areas of a building
by fungi.
